NEW WORKSHOP SPACE

After an exciting year with lots of installs and conversions, the time has come for us to expand our workshop capacity again!

Our workshop team will soon be moving into their new and improved workshop which will allow us to double our conversion and system install capacity.

This new workshop space is in addition to our current Techni Systems showroom and existing install space.

CONVERSION HIGHLIGHT - LIGHTING

Did you know that we can supply and fit internal and external lighting for your mobile workshop?

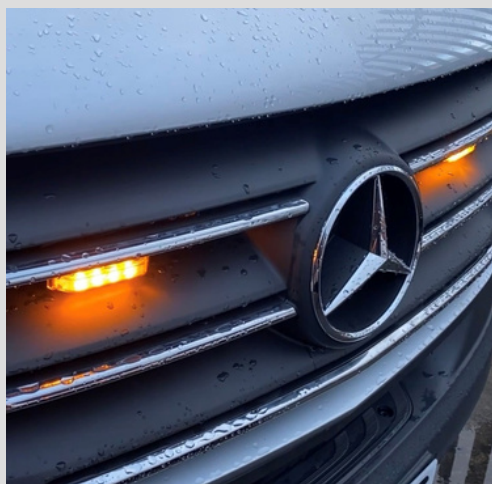

We offer everything from a simple set of internal light strips to multi-colour chrome bars and beacons.

Check out all of our available lighting options [HERE](#). If you don't see what you're looking for let our sales team know and we can source this for you at no extra cost!

- Hurricane Lightbar
- 8 x Vertical Flashers
- Strip Work Lamp
- Chrome Bars with LEDS

- Internal Bright Light Strip Lights

- Grill Flashers

- Chrome Bars
- Lightbar
- Hideaways

DEDICATED AFTER-SALES SUPPORT

We know how important it is to have your van on the road that's why our team are dedicated to providing the best after-sales experience possible.

We have on-the road engineers available for service and support with our average response times within 24 working hours.

We also have Hayley Wells our Service Advisor who is based at our HQ and will be on hand to answer any service and support questions.

FEEDBACK:

We are always happy to receive such positive feedback from our customers! We strive to provide a completely bespoke and custom service so receiving such positive feedback from our customers is always greatly received.

"5 stars from us. Really good service from the guys, very good communication very easy to deal with. I really liked the catalogue made it very easy to pick what I wanted. And the job itself was very professional carried out, very good attention to detail. The install looks really strong I've had so many compliments from my customers, really shows you mean business. 100% will be bringing my next van back to Techni Systems."

"Excellent service received when we booked two new vans in for a full kit out. From start to finish it has been a pleasurable experience dealing with the staff at Techni. The excellent response from making a call to being turned around within a couple of hours is brilliant when we are relying on our vans working away on site."

"Their work on our vans has been invaluable! All of our fleet get sent to Techni for fitting and any work required on compressors, lights and beacons. They are extremely fast, trustworthy and reliable. Their aftercare is second to none!"
